

# Device Recycling & Redeployment

Return to Service (Redeployment)  
Preparing Devices for Sale or Recycling

# Redeployment

Lecture

# Return to Service

- ✦ Apple's recommended solution for rapid turnaround.
- ✦ MDM facilitates an erase and then Automated Device Enrollment re-configures the device based on MDM record.
- ✦ Alternatives to MDM Return to Service
  - ✦ Alternately you can manually erase and step through Setup Assistant and use Device Enrollment.
  - ✦ Alternately you can use Apple Configurator, **cfgutil**, or for macOS - **startosinstall** scripting.

# Introduction to *startosinstall*

Practical Exercise
